

CREATE A DATABASE IN CLOUDANT DB

Team ID	PNT2022TMID37599
Project Name	Hazardous area Monitoring For industrial plant powered by IOT
Name	Chanukya k

IBM Cloud dashboard :

Cloudant :

The screenshot shows the IBM Cloud Catalog page for Cloudant. The page is titled "Cloudant" and describes it as a scalable JSON document database for web, mobile, IoT, and serverless applications. It features a "Create" button and a "Summary" sidebar on the right. The summary sidebar lists the "Cloudant Lite" plan, which is free and includes 20 Reads/sec, 10 Writes/sec, 5 Global Queries/sec, and 1 GB Storage. The "Create" button is highlighted in blue. Below the "Create" button is an "Add to estimate" button. The page also includes a "Select an offering" section with a "Cloudant" card and a "Select an environment" section with "Multitenant" and "Dedicated" options.

Cloudant Database :

The screenshot shows the IBM Cloud Cloudant Databases page. It features a "Databases" header with a "Database name" dropdown and a "Create Database" button. Below the header is a table titled "Your Databases" with columns for Name, Size, # of Docs, Partitioned, and Actions. The table contains one entry named "nodered" with a size of 2 bytes, 1 document, and is not partitioned. The Actions column for this entry includes icons for edit, lock, and delete. The page also includes a "Log Out" button and a pagination bar at the bottom.

Databases Database name Create Database {} JSON

Your Databases

Name	Size	# of Docs	Partitioned	Actions
nodered	2 bytes	1	No
